

RELIABLE MEETS AFFORDABLE

VP SERIES PS901 DRIVE-THRU COMMUNICATIONS SYSTEM

The Muzak VP Series PS901 provides wireless communications via proven technology at a value price point that does not exist in the QSR marketplace today.

With the addition of the new Muzak VP Series, we now offer wireless intercom systems that fit the needs and budget of every QSR. Replace your wired drive-thru system with a proven, dependable, cost effective system that is guaranteed to work.

Each PS901 drive-thru system includes: base station, belt packs, headsets, batteries, pouches, 6-port battery charger, outside speaker and microphone, programming station, 1-year warranty and operation instructions.

Features At-a-Glance

- Durable Belt Pack Design
- Water Resistant
- Dual Lane Capabilities
- Page Switch for Internal Communication
